

The vision for P.E. at All Saints CEVA Primary School & Nursery is.....

- For all children to experience excellent physical education, school sport and physical activity that will lead to life-long participation.
- For all children to be given leadership opportunities, through the delivery of high quality P.E. and school sports.
- For all children to understand the importance of maintaining a healthy and active lifestyle.

What is PE and Sport Premium?

In 2013, the government pledged to provide additional funding to primary schools to improve PE and sport provisions. The funding is provided by the Departments for Education, Health and Culture, and Media and Sport.

What is PE and Sports Premium for?

The funding is provided directly to primary schools and must only be spent on improving the quality of sport and PE, for all school children.

How much funding do Primary Schools receive?

For the 2022/23 academic year, each school will receive £16,000, plus an additional payment of £10 per pupil (£18,100 in the case of All Saints). The money can only be spent on sport and PE provisions in schools.

How are we obliged to spend the funding?

We are required to use the funding to make additional and sustainable improvements to the quality of PE and sport we

offer. The government lists five key indicators for which schools should expect to see an improvement.

These are:

- the engagement of all pupils in regular physical activity, which amounts to at least 30 minutes per day whilst in school, as recommended by the Chief Medical Officer;
- the profile of PE and sport is raised across the school as a tool for whole-school improvement;
- increased confidence, knowledge and skills of all staff in teaching PE and sport;
- broader experience of a range of sports and activities offered to all pupils;
- increased participation in competitive sport.

Ofsted assesses how primary schools use the primary PE and sport premium. They measure its impact on pupil outcomes, and how effectively governors hold school leaders to account for this.

To guide us in our use of the funding, the government suggests ways in which we can effectively use the money. These include PE and sport focused staff training and development; hiring qualified sports coaches; offering activities/school clubs targeted at less active children; entering more tournaments and competitions; and embedding physical activity into our school day as much as possible.

PE at All Saints

At All Saints we value the benefits of PE and sport, and encourage our children to have healthy, active lifestyles. In our experience, an innovative, varied PE curriculum, and extra-curricular opportunities, have a positive influence on the concentration, attitude, and academic achievement of all our children.

The whole school follows the Real PE scheme. Real PE focuses on developing the foundation skills to a high level rather than a sports specific approach. We believe this gives the children the ability to succeed across many sports instead of just

specialising in just one or two.

All classes receive 2 hours of PE each week. Key Stage one receives 2 Real PE lessons and Key Stage two have 1 Real PE and 1 sport specific lesson each week.

Physical Education is a vital part of our children's education and we pride ourselves in the way we help to develop their knowledge of a healthy lifestyle and their formation of positive attitudes.

What improvements has the Sports Premium Funding allowed to make?

Since 2016 we have:

- Retrained all members of staff with the Real PE scheme. This has improved the standard of PE across all levels of the school. There has also been a noticeable difference in the confidence of all teachers in delivering the subject.
- Purchased a large amount of brand new, high quality equipment. This has led to us being able to offer different sports and activities during the school day and through various sports clubs.
- Taken a large number of children to outside competitions. By entering the School Games Programme we have managed to enter over 15 competitions each year. It has also seen us achieve our School Games Gold award every year since 2017
- Worked with our local secondary school to deliver a shared leadership programme. This has allowed both schools to develop young leaders at various age groups.
- Provided the children with high quality specialised sports coaching and inspirational individuals.
- Given pupils with a passion for PE and sport a chance to lead and inspire others. This has included helping to deliver PE lessons in school and lead various school teams at outside competitions.
- Increased activity levels in school by introducing a Daily Mile and lunchtimes sports clubs
- Provided all children with a chance to attend before and after school active clubs by making the clubs free of charge

Academic Year 2022-23						
Desired Outcome	Chosen action/approach	Planned Funding	Evidence and rationale for this choice	Monitoring approach	Staff Lead	Review date
To provide children with the opportunity to attend active clubs	Pay for places at 2 after school clubs Increase the number of clubs available	£7125	Continuation from last years where club attendance rose significantly	Club registers Club observations	Mr Chambers	Ongoing
Pupils to develop leadership roles within sports	Attend local Sports Leaders training day Recruit new members to our 'Sports Squad' leadership group and provide training. Provide 'Sports Squad' with a uniform	£125 £80	Should provide an aspirational route for children who enjoy PE. Create a positive image of a responsible role.	Sports Squad meetings	Mr Chambers	Ongoing
Provide children with varied forms of activity and exercise	Plan an 'Active Week' around our own School Games Day. Wheelchair sports workshops	 £300	Provide the children with potential route into lifelong activity. Expose children to different forms of	Feedback on workshops	Mr Chambers	June 23

	Skipping workshops	£420	exercise.			
	Circus skills workshops	£599				
Give children access to local and national competitive tournaments	Enter the school games programme	£195	Children giving a chance to perform at higher levels and experience the highs and lows of competitive sport	Data on all competitions recorded for School Games Mark	Mr Chambers	Ongoing
	Transport to tournaments	£1000				
To develop staff confidence and knowledge of PE	Real PE training/refresh	£995	Several new members of staff without Real PE training		Mr Chambers	
Fund a Walk to School Scheme	Find a suitable programme	£355	To tackle levels of inactivity and obesity in our children. To reduce traffic around the school.	Monitored through the programme	Mr Chambers	Summer 2021
Total Budgeted Cost		£11199
