

## Forgiveness

2019-2020 Number 25 | Friday 27th March 2020

With Jesus as our guide,  
we will inspire a passion  
for learning, high  
aspirations and respect for  
all.

So a very strange week it has been and one that I hope we will never experience again.

It has been fabulous seeing the work and activities that you are all brilliantly completing at home whether it is reading, cooking, Lego building, watching Disney Plus . Please keep sharing these with us and we can upload onto our Facebook page.

It is fabulous to hear how some of you have created a class "whatsapp" group so you can communicate directly with each other and share ideas. This is also brilliant for the children to keep in contact during this tricky time.

Every day the class teacher from Monday to Friday will be sending you all an email between 9.00 and 10.00 in the morning. There is an expectation that you reply to one of these over the week please so we can check in with you. Please just reply to the teacher that you have received this or even better if you can let the teacher know the type of things you have been doing together. An update on your health as a family would also be great so we can check in with this and make sure you have the support you require.

If you are not receiving an email from the school please email me on [head@allsaints-pri.northants.ecl.gov.uk](mailto:head@allsaints-pri.northants.ecl.gov.uk) so we can ensure that you are.

We are in contact with many parents through the phone also and if you have not replied to the class teacher by lunch time today you will be receiving a phone call from the school so we can check in with you and make sure you are receiving the communications.

An important thing to mention is that there are numerous scams that are circulating through the internet and social media . Please do not respond to any email or link to the DfE in particular regarding Free School Meals. We are organising this provision for you. I know there is a delay but you will eventually be notified by myself or Kerry McAllister the School Business Manager

I will continue to send you updates throughout this period and thank you for all of the lovely comments and emails that we have received. Thank you to my fabulous staff and governors whose support they have given me has been second to none. We will come through this, just stay inside and chill enjoy this time with your children. Stay healthy.
